Limited Review Report For Interim Financial Statements

To The Unitholders of Mulkia Saudi Equity Fund

Scope of Review

We have reviewed the accompanying interim balance sheet of Mulkia Saudi Equity Fund ("The Fund") managed by Mulkia Investment Company ("The Manager") as at 30 June 2017, and the related interim statements of income, cash flows and change in net assets for the six-month period ended and the notes from (1) to (8) considered an integral part of these interim financial statements. These interim financial statements are responsibility of the Fund's management and have been prepared by them and submitted to us together with all the information and explanations which we required.

We conducted our limited review in accordance with the standard on Review of Interim Financial Reporting issued by Saudi Organization for Certified Public Accountants ("SOCPA"). A limited review consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Conclusion

Based on our limited review, we are not aware of any material modifications that should be made to the accompanying interim financial statements for them to be in conformity with accounting standards generally accepted in the Kingdom of Saudi Arabia.
